

GEON® A-Series Industrial Tubing Formulations

GEON A-Series formulations for industrial tubing are available to suit a wide range of applications and performance requirements. With varying levels of hardness and tensile strength achievable, as well as custom color matching, hose and tubing can be easily customized to meet both functional and aesthetic needs.

In addition to supplying formulations matched to end-use applications, a GEON support team can help navigate through material regulations to ensure compliance and mitigate risk. An extrusion technical support team, specifically covering North America, is also available to assist with production issues and operating efficiencies, helping to manage costs and save time.

KEY CHARACTERISTICS

- CPSIA and Proposition 65 compliant
- Wide range of durometers
- Custom colors available
- Custom stocking plans available
- NSF and FDA grades and regulatory support available
- Paired with GEON rigid PVC formulations for rugged spiral reinforcement

MARKETS AND APPLICATIONS

- Pool and spa tubing
- Pneumatic tubing
- Industrial hose
- Food, beverage and dairy handling

DUROMETER	TENSILE STRENGTH	CA PROP 65	NSF 61	3-A	PRODUCT
